

CANADA CROSS BORDER FREIGHT

Seamless Shipping Across the U.S. and Canada

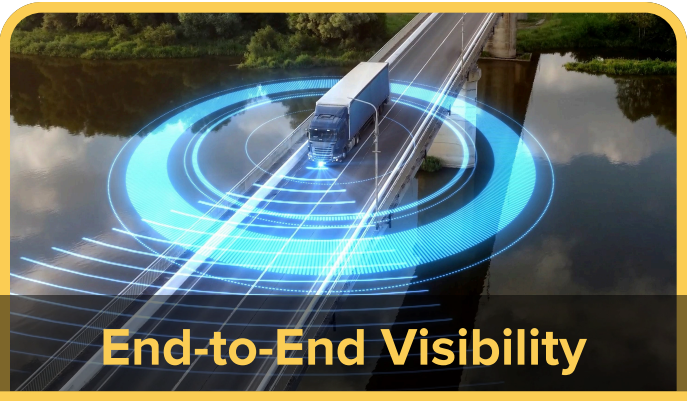

Dedicated Support, Every Step of the Way

At Associated Logistics Group (ALG), we specialize in moving freight across the U.S. and Canadian border with ease. Whether it's full truckload, less-than-truckload (LTL), or temperature-controlled shipments, our cross-border team ensures your goods move smoothly, safely, and at the right price.

Leverage the strength of ALG's Canadian Cross Border network and expertise – tap into thousands of carriers you can trust to get the job done well, safely, and cost-effectively.

Why Choose ALG for Canada Cross Border Freight?

Stay informed with our best-in-class Transportation Management System (TMS) and real-time GPS tracking. You'll know where your freight is every step of the way.

From one pallet to a full truckload, we'll design a solution that fits your business. Choose from refrigerated, dry van, flatbed, or LTL options with instant API rating.

We work only with vetted carriers who have proven cross-border experience. That means less risk, faster transit times, and more reliable deliveries—all while keeping costs competitive.

Our team is here for you around the clock. We answer questions, provide updates, and solve issues before they become problems.

Major U.S. - Canada Border Crossings We Serve

Buffalo, NY • Detroit, MI • Port Huron, MI • Sault Ste. Marie, MI • Blaine, WA
